Hi! We're Fisheye!
A design-oriented, strategy-driven, and brand-focused international marketing agency.

We began in Cairo, Egypt, in 2012 with experts from the design and advertising industry and just a couple of clients. Today, after a decade of dedication and passion, we're proud to hold offices in Egypt and Canada, where we walk side-by-side with both major and upcoming businesses to support their different stages of growth.

The **Fisheye** vision gives us the capability to see the wider side of a solution, and never see just one idea. Just like the fish's eye, we look at the whole image from a wider, 360° perspective that ensures your success in today's transforming environment.

Every job we work on is given the highest priority. We like to stand out from the crowd, and we make sure your work does too.

THE
STAG
Some call him mysterious.
Others deem him sophisticated.
Although both may be debatably true,
one thing is for certain;
He's the last remaining embodiment of chivalry today.
The Stag is a man of taste.
His choice of attire
is carefully tailored from the finest fabrics.
His choice of drink
is wisely selected from the richest barrels.
And his decision for accommodation must match his
appearance; a masculine warmth,
with a scent of sophistication and a hint of mystery.

His presence is felt, not seen.
His appearance is admired, never imitated.
He emanates royalty,
but speaks not of opulence.
The eloquence in his speech and elegance in his
stance can tell you more about him
than anything they have ever written.
An individual who beckons the attention of a
room with the mere mention of his name,
The Sultan is truly a noble character.
And because of that,The Sultan deserves nothing
short of the richest in woven masterpieces
draped over the most plush of cushions
to accommodate his regal night.
